

# Derek Nicholson

Team & Operations Expert &  
Leadership Coach

Derek Nicholson is an Internationally trained Leadership Coach and Team & Operations Expert, but we love to call him the Chief Simplicity Officer and Team Architect.

## BACKGROUND

**Derek Nicholson** is the **Team & Operations Expert** and “secret weapon” behind the **Time Mastery Method™** – a collaborative effort with Time Mastery Expert Nadine Nicholson to help 6- and 7-figure high-achieving, overworking entrepreneurs **double their time off, make more money, and feel more successful both inside and outside of business**. Derek brings 30 years of diverse business experience and a successful track record of managing complex operations, leading highly effective teams, and delivering solid business strategy. He speaks on **Time Mastery™**, breaking through **The Middle Zone of Success**, and overcoming the trap of the **Say/Do Gap™** – inspiring entrepreneurs all over the world to create “impossible freedom” where they grow their business and make more money in a way that makes room for MORE LIFE. With an analytical mind and a gift for simplifying the complex, he’ll create a clear path through the confusion with doable, tactical solutions for building an empowered team that will take more off of your plate, so you can reclaim your time. Don’t be surprised by his calm wisdom and heart-centered nature, Derek is the stabilizing rock for many of Ascend’s clients.

Areas of Expertise: United Team-Building. Relationship-Based Sales.  
Working Smarter. Critical Conversations.
